in the most comprehensive investigation of the los angeles public library s early history and architectural genesis ever undertaken kenneth breisch chronicles the institution s first six decades from its founding as a private library association in 1872 through the completion of the iconic central library building in 1933 during this time the library evolved from an elite organization ensconced in two rooms in downtown la into one of the largest public library systems in the united states with architect bertram grosvenor goodhue s building a beloved la landmark as its centerpiece goodhue developed a new style fully integrating the building s sculptural and epigraphic program with its architectural forms to express a complex iconography working closely with sculptor lee oskar lawrie and philosopher hartley burr alexander he created a great civic monument that combined with the library s murals embodies an overarching theme the light of learning a building should read like a book from its title entrance to its alley colophon wrote alexander a narrative approach to design that serves as a key to understanding goodhue s architectural gem breisch draws on a wealth of primary source material to tell the story of one of the most important american buildings of the twentieth century and illuminates the formation of an indispensable modern public institution the american public library

hoping to avoid the worry of caring for a valuable object miss teaberry gives away the locket her cat finds in the garden only to find herself enmeshed in a situation of escalating chaos

after his death thorstein veblen was hailed as america s darwin and marx and is normally portrayed as the perennial iconoclast he severely criticised traditional economics and attempted to create an alternative approach based on a much more complex view of human beings he is one of the most celebrated economists of our age and has been the inspiration for many books the predatory version of capitalism we now again experience the phenomenon of studying cultures of consumption and the darker sides of gilded ages can be traced back to veblen a conference in veblen s ancestral norway marked the 150th anniversary of his birth the aim of the conference was to consolidate veblen scholarship and evaluate his relevance for the problems of today this collection offers the results of that endeavour it is a milestone of vebleniana which assesses all the most salient aspects of his life and influence many of its contributors also push into uncharted territory examining the man and his work from new and necessary perspectives hitherto ignored by scholarship
